# Office Memorandum • UNITED STATES GOVERNMENT

TO : Legislative Counsel, OGC  
THRU : Mr. [REDACTED] Assistant General Counsel/OL  
FROM : Deputy Director of Logistics

DATE: 2 FEB 1962

SUBJECT: Proposed Legislation

REF : Draft of Proposed Legislation forwarded by Official Routing  
Slip from OGC/LC to Director of Logistics, dated 4 December 61

25X1A

In response to the request of [REDACTED] and subsequent discussion with [REDACTED], the following comments are submitted regarding referenced draft of proposed legislation:

25X1A

a. Section 4(1)(g): According to Mr. [REDACTED] Office of the General Counsel, this paragraph permits the payment of all travel expenses of dependents to and from points to which an employee is ordered for orientation and training or is given other TDY while enroute on PCS orders. This avoids having dependents delay departure from the old post, delay enroute, or arrive at the new post in advance of the employee. If approved by Congress, the result will be payment of travel and per diem expense greater than that which would be paid over the most direct usually travelled route. While the proposal has unquestionable merit, strict administrative control over the exercise of the authority contained in the proposed legislation, will be necessary.

25X1A

b. Section 5(h): The intent of this section is not clear. Mr. [REDACTED] OGC, advises that the section is not intended to provide authority to pay employee claims for loss or damage while in transit, of household goods and personal vehicles shipped on official PCS orders. In the course of further discussions within Office of Logistics, differing opinions have been expressed. It is recommended that the wording be revised to indicate clearly that this change does not include loss or damage to household goods and personal vehicles while in transit.
